## The Land Of Neverendings KATE SAUNDERS

As hilarious as it is heart-breaking, another future classic from Costa Winner Kate Saunders.

### IN DETAIL

The cat flap opened. Emily thought a wild animal was coming into the house. But the muddy creature that climbed through had four little wheels and a tail. What if there exists a world powered by imagination? A world of silliness, where humans and their toys live on long after they've left the Hard World ... and what if the door between that world and this one was broken? Welcome to the Land of Neverendings, a place where sadness does exist but it doesn't cancel out happiness, or silliness, even when you lose someone you love.
